Church Planting in Multicultural Teams - The Keys to Doing It Really Well

This is the real-life story of how God has rebuilt a church shattered by the torture-murder of three of its members, until it could plant daughter churches in some of the least-reached regions of the Muslim world. Come and learn from our mistakes, and also from what God has taught us to do well. This workshop focuses not only on what the most important principles are, but also on clear examples of HOW our multicultural team was able to apply these principles in the midst of the tragedy. Most of us already know what we should be doing, but we were learning what actually worked when bad things happened.

God's Will for Korea and the Korean People

Hahn Choong Hee

Room Sapphire 118

This workshop will share God's heart for Korea and the Korean People and how we can pray for the North Korean people.

"Pyongyang Great Revival in 1907" was the starting point on God's will for the Korean people. Pyongyang became known as the "Jerusalem of the East" because of this move of the Holy Spirit. We will review how God has been directing history in His providence. The division of the Korean Peninsula in the last 75 years makes Korea one of the last few divided countries in the world. It is our hope that someday soon, all the North Korean people will enjoy the dignity and fullness of life intended by God. Together, we dream of one Korea that is whole and free. As the 2024 Seoul Lausanne is approaching, we Asian Christians should 'Arise' to pray together for the North Korean people.
